INDUSTRY EXPERIENCE

- **GRAPHIC DESIGN COMMISSION**
Grandville Avenue Arts and Humanities
January 2024 – April 2024

I had done a rebrand of my local arts academy, and I presented it to the CEO. This led to a commission to create new print and digital materials for their new brand.
- **COMMUNITY ENGAGEMENT LEADERSHIP**
City of Grand Rapids
January 2024 – May 2024

The city of Grand Rapids is doing an improvement for my neighborhood's trail. I was added to the team to be a community leader and I have offered my graphic design services to help with the promotional material.
- **MARKETING ASSOCIATE**
Comprehensive Therapy Center
July 2024 – August 2025

As the Marketing Associate for Comprehensive Therapy Center, I tackled jobs like creating the concepts and promotional materials for their annual Legacy Dinner, community programs like Therapy & Fun, Therapeutic Play & Learn Groups, StayCation, and Read To Me Tea. I also took on the role of overhauling and maintaining their website, doing photography of the programs, creating weekly staff newsletters, and creating social media content.
- **ESL PARAPROFESSIONAL**
Byron Center Public Schools
October 2025 – Present

I work closely with students who are learning English as a second language by going to their classes with them every day. I ensure the students are able to understand the material by explaining it in easier terms and translating it into their native language. I also keep track of their missing assignments and communicate responsibilities between teachers and students.
